Specifications

XELIOS-iO

Items	Specifications
Model	LE-9ND65-H
LED Lamp capacity	Approx.8.7W
Center luminous intensity	Approx.650cd
Output light angle	Approx.40°
General color rendering index	Approx.97
Color temperature	Approx.6500K
Operating temperature and humidity range	-10~35°C / under 80%
Dimensions	φ 120 × 47 (mm)
Weight	Approx.450g

AC Adapter and Battery charger

Items	Specifications
Model	DSS18-2520500-B
Input Voltage	AC100-240V
Input frequency	50/60Hz
Input current	1.0A MAX
Output voltage	DC25.2V
Output current	0.5A
Dimensions	72 × 42.5 × 30 (mm)
Weight	120g

XELIOS-iO Handy Type Body

Items	Specifications
Model	LH-9ND65-H
Illumination direction	All direction
LED Lamp capacity	Approx.8.7W
Center luminous intensity	Approx.650cd
Output light angle	Approx.40°
General color rendering index	Approx.97
Color temperature	Approx.6500K
Operating temperature and humidity range	-10~35°C/under 80%
Dimensions	H=248.5 (mm)
Weight	Approx.650g

Lithium-ion battery

Items	Specifications
Model	EB-B10A
Battery capacity	24V 1000mAh
Charge time	Approx. 3 hours
Continuous discharge time	Approx. 2 hours (LED load)
Dimensions	75 × 70 × 14 (mm)
Weight	Approx. 130g

※Specifications may be modified without a previous notice for improvement.
